

## NASAA Certified Organic Inspectors Training Test (JAS Standard)

1. Please elaborate the conversion period requirements for land under the JAS.
2. What are the requirements to use meat meal in the livestock feed?
3. What are the qualification requirements for the PPM (Production Process Manager)
4. What are the qualification requirements for the Grading Manager
5. Are there any specific requirements under the JAS for the use of wetting agents
6. What part of JAS Standards and Technical Criteria you will use to inspect/certify a processor?

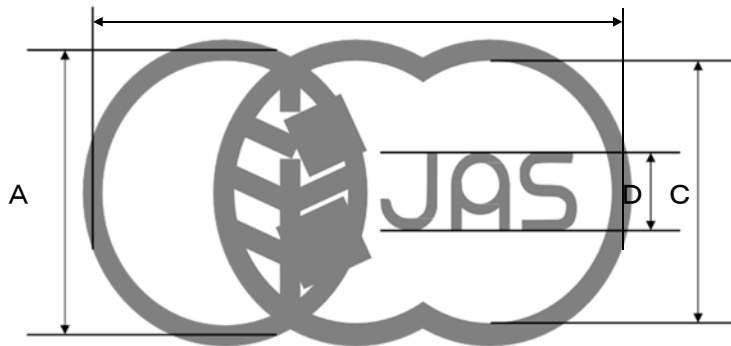

7. Explain the role and responsibilities of the PPM Production Process Manager
  
  
  
  
  
  
  
  
  
  
8. Explain the role and responsibilities of the Grading Manager
  
  
  
  
  
  
  
  
  
  
9. Please list the two personnel required at the JAS certified Re-packer
  
  
  
  
  
  
  
  
  
  
10. True/False: JAS requires that all JAS applicants are trained in the requirements of JAS before being certified.
  
  
  
  
  
  
  
  
  
  
11. Please list the conditions of use for the following fertility inputs
  - A. Compost derived from Food production industries
  - B. Magnesium Hydroxide
  - C. Sodium Chloride
  
  
  
  
  
  
  
  
  
  
12. Please list the conditions of use for the following Pest control inputs
  - A. Pyrethrum emulsion
  - B. Copper Sulphate
  - C. Paraffin

19. What kind of Fungi are permitted to be used under the JAS Processing Standard?
20. Can seawater be applied to field under the JAS Standard? If Yes, what are the conditions?
21. Is the use of synthetic trace elements allowed under the JAS standard? Specify the reference.
22. Is the use of ingredients that utilize recombinant DNA technology permitted in processed foods if they are no more than 5 percent of total ingredients in organic processed foods?
23. Is the use of Mastitis ointment for non-lactating periods allowed under the JAS livestock Standard

24. Is the use of rodenticide in the livestock housing permitted? Are there any specific conditions?

25. Specify the requirements of the dimensions for the use of JAS label as below. (Please note this is not the exact JAS logo, certain parameters changed due to formatting)

Name of RCB

- A.
- B.
- C.
- D.
